

Mango PLU Codes

Over the past few years, several new PLU codes have been added for mangos. Are your systems up to date? Here's a complete list of mango PLU codes for use in the United States.

Communication is the key to using mango PLU codes successfully. Retailers and suppliers MUST verify that they are using these codes consistently to avoid complications.

PLU Code	Varieties	Size
4051	Tommy Atkins, Haden and Kent	Size 12 and smaller
4959	Tommy Atkins, Haden and Kent	Size 10 and larger
4312	Ataulfo and Manila	Size 18 and smaller
4961	Ataulfo and Manila	Size 16 and larger
4311	Keitt	Size 12 and smaller
4584	Keitt	Size 8 to 10
3114	Keitt	Size 7 and larger

Most shippers of the Madame Frances or Francine mangos from Haiti are currently using PLU 4312, although some other codes have been seen in use. Retailers and shippers should work together to ensure their Francine PLU code strategy is workable for both parties.

4 retailer-assigned mango PLU codes are also available to allow retailers and their suppliers to manage unique situations that do not fit into the chart above. These are 4313, 4314, 4315 and 4316.
